

### LANGUAGES

The Languages Program at CCM offers instruction that emphasizes both proficiency and culture in 6 (six) languages: American Sign Language, Arabic, French, Italian, Japanese, and Spanish. Students who want to study these languages and are interested in transferring to a four-year program can major in the Liberal Arts and Sciences: Humanities/Social Science, Spanish Education or International Studies which provide a foundation for higher levels of language study.

Each language is offered in four basic levels:

- Elementary I (no knowledge of language expected or required)
- Intermediate I
- Elementary II
- Intermediate II

In addition to these four levels, the Languages Program may offer the following advanced courses depending on student interest and enrollment:

- French Conversation and Literature I & II
- Advanced Spanish Conversation
- Italian Conversation and Literature I & II
- Survey of Latin American Literature: Pre-Columbian to the Present
- Advanced Spanish Composition
- Spanish Literature

We administer a placement test for Spanish only. Students may take the Spanish Placement Test at the Testing Center. Students looking for placement in a level higher than Elementary in other languages, can be evaluated by the Arts and Humanities Chairperson. In general, students who have taken three or more years of a world language in high school within the past two years will be advised to take the Elementary II level or higher.

The Arts and Humanities Department grants credit for prior learning. The number of credits granted will depend on the type of test or course taken and the language it was taken in. Students who would like credit for previous language study should consult with the department chairperson.
