OFFICE OF CAMPUS LIFE

The Office of Campus Life provides co-curricular programs and activities that support the student experience at County College of Morris. We provide students with educational, social, cultural and leadership opportunities.

Involvement in these programs can lead to success in many areas of life both during and after one's term as a CCM student. For the student, active involvement brings the obvious benefits of peer contact, productivity and meaningful leisure time. Through participation in various academic, cultural, athletic, social, governance, or recreational organizations students have the opportunity for self-exploration and the development of relationships with other segments of the campus community: students, staff members, administrators and faculty members.

For the CCM graduate, a record of involvement in campus activities is of proven interest to employers. The personal contacts one makes when active in these programs may serve as the foundation for lifetime friendships and networking sources.

These activities offer challenges and opportunities for students to develop to their highest potential as individuals and as responsible members of the college community and society. The Office of Campus Life also offers many services to the campus community which enhances the overall CCM experience.

The staff in the Office of Campus Life assists student clubs and organizations with their plans and will help individual students with ideas for extracurricular and co-curricular activities. ACADEMIC REGULATIONS AND PROCEDURES

ACADEMIC INTEGRITY POLICY & PROCEDURE

Purpose. In order to maintain academic integrity at the County College of Morris, the college community does not tolerate any forms of academic dishonesty. Examples of academic dishonesty include but are not limited to (i) cheating, (ii) fabrication of sources, (iii) plagiarism, (iv) unauthorized collaboration, (v) submitting someone else's work as one's own, (vi) preparing test answers or other academic papers, projects or submissions to be submitted as the work product of another student, (vii) permitting one's test answers, research or academic work to be copied, duplicated or submitted as the work product of another student, or (viii) dishonest academic use of technology such as unauthorized sharing of disks, files, or programs, or by unauthorized access to, modification of, or transfer of electronic data, system software or computing facilities. The intent of this policy is to maintain academic integrity, and to arrest all forms of academic dishonesty and misrepresentations as one's own submission, the work product and academic proficiency of another person.

Report of Academic Dishonesty: Once a faculty member suspects that an act of academic dishonesty occurred, he/she will meet with the student to address the suspicion. During the meeting, the course instructor will share with the student the information that forms the basis for the suspicion and provide the student an opportunity to respond to the information. This meeting is closed to anyone other than those involved. At no time may legal counsel be present. If the student disagrees with the allegation and/or determination of the faculty member, the student may choose to have the complaint reviewed by the Academic Integrity Review (AIR) Board. The Academic Integrity Review Board will review the circumstances surrounding the incident, render a determination on the allegation, and make a recommendation of appropriate disciplinary action if warranted. Penalties imposed on the student who violates this policy may vary from failing the unit of work to expulsion from the college.

Academic Integrity Review Board: The Academic Integrity Review Board is the body on campus that reviews complaints filed against students for violating the college's Academic Integrity Policy to determine whether or not academic dishonesty occurred. Their findings serve as recommendation to the Dean of Students for the imposition of disciplinary sanctions. The Academic Integrity Review (AIR) Board is composed of six (6) members, including a faculty representative from each of the academic divisions, an Academic Dean, a Chairperson. A majority of the members of the AIR Board shall constitute a quorum for purposes of reviewing complaints of violation the college's Academic Integrity Policy and making recommendations for disciplinary sanction.

ACADEMIC PROBATION AND DISMISSAL POLICY

A student will be placed on academic probation when the Cumulative Point Average (CPA) is less than a 2.0 after attempting 24 or more credits in credit and/or developmental education courses. Once a student reaches this checkpoint, CPA checks are made each semester to determine the student's academic standing.

A student on probation who achieves a 2.0 semester grade point average each semester thereafter will be permitted to continue at the college in an attempt to bring the CPA up to acceptable minimal standards. Once the student CPA meets the minimum 2.0, the student will be in good academic standing and no longer on academic probation.

Academic Dismissal

- A student will be academically dismissed from the college when they are unable to achieve a minimum 2.0 semester grade point average at the conclusion of the probationary semester (Summer and Winterim terms included).
- Once a student is academically dismissed, the student will not be permitted to take and courses for one semester following the dismissal (Summer and Winterim terms not included).

- An academic dismissal may be appealed to the Academic Review Board.
- If the appeal reverses the dismissal, the student will remain on academic probation and can register for the next term.
- The college administration will drop a dismissed student from their registered courses in the next term with no financial penalty.

Second Academic Dismissal

- If the student is academically dismissed a second time, the student will not be eligible to take any courses for one year.
- An academic dismissal may be appealed to the Academic Review Board.
- If an appeal reverses the dismissal, the student will remain on academic probation and can register for the next term.

At the end of the dismissal period, the student may apply to re-enroll at the college through the Dean of Students Office.

Once re-enrolled, the student will be placed on academic probation.

ACCESS TO STUDENT FILES

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review one's education records within 45 days of the day the college receives a request for access. Students who wish to inspect/review their academic records must make a request in writing or via their CCM email account to the Office of Records and Registration. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected.

(2) The right to request the amendment of one's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

At its discretion, the County College of Morris may provide "directory information" in accordance with the provisions of FERPA. Directory information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Designated directory information at the County College of Morris includes the following: name; CCM email address; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; enrollment status (full/part time). Students may block the public disclosure of directory information by notifying the Office of the Dean of Students in writing. Such requests must be filed within the first two weeks of the Fall or Spring semester and will remain in effect until removed by the student in writing. Questions regarding The Family Educational Rights and Privacy Act should be directed to the Registrar (call 973-328-5200 or email registrar@ccm.edu).

CHANGE OF CURRICULUM

Students who wish to transfer from one major to another must fill out a Change of Major form, obtain the appropriate signatures and return it to the Records and Registration Office for processing.

Students who change majors and achieve a 2.0 grade point average for the first 12 credits in the new major may apply to drop from their cumulative grade point average all "D" and "F" calculations for courses previously completed which were particular to the former major, and which do not pertain to the new major. Students will have one opportunity to take advantage of this policy to drop grades. If a student decides to change back to their original major, the grades which were removed will be reinstated.

CLASS ATTENDANCE

Students are expected to attend all scheduled classes and laboratory sessions for which they are registered. Absence does not excuse a student from the responsibility for class work or assignments that are missed. Specific attendance regulations may be established by individual faculty and/or academic departments.

CLASS CANCELLATION

Call 973-328-5580 or check www.ccm.edu to obtain information on weather closings. Students should be alert to the time mentioned and that the closing/canceling may involve *only* morning classes, that there still may be night classes.

DROP/ADD AND WITHDRAWAL POLICIES

Students may make changes to their schedules online prior to the start of the term. Once a term begins, students will be able to drop classes online until the last day of the refund period. Students are not permitted to add classes online to their schedule once a term has started unless it is for a 15 week course – refer to [Records and Registration](#) web page for dates. If a student neglects to follow official procedures and stops attending classes, the grade of 'F' will be posted at the end of the semester.

The college allows students to withdraw from courses up to and including the period in which 75% of the course has been completed. If a student chooses to withdraw from all courses, he/she must complete a withdrawal form and submit it to Records and Registration prior to the withdrawal deadline. For more information about adding/dropping/withdrawing from classes visit the [Records and Registration](#) web page.

In certain instances, students may pursue a late withdrawal once 75% of the course has been completed. The student should consult with the Office of the Dean of Students or the Center for Student Wellbeing a late withdrawal.

FILING A COMPLAINT

At County College of Morris, every effort is made to maintain a positive and productive environment. It is expected that all individuals, students, faculty and staff will demonstrate mutual respect and understanding towards this goal. Employees should consult the ***"Student Code of Conduct"*** or the handbook on ***"Dealing with Disruptive Behavior in the Classroom and on the Campus"*** for procedures in addressing problems with students. In those instances in which students have a problem in a class, with a faculty member or another employee, the following procedures should be followed:

Academic Complaints

1. The student is encouraged to address the concern first with the instructor of the course. This should be a professional and courteous conversation in which the student respectfully states the nature of his/her concern and what are his/her expectations for a resolution. Every effort should be made for the faculty member and the student to arrive at an acceptable solution to the concern that involves the student returning to the course to continue his/her education.
2. If the student is not satisfied after having spoken with the faculty member, or does not feel as if he/she can approach the faculty member, he/she should contact the Chairperson of the academic department to submit his/her concern. If necessary, the Department Chairperson may engage the assistance of the Office of the Dean of Students or the student may contact the Office of the Dean of Students to obtain advice regarding how to proceed with his/her concern. In those instances in which the student contacts the Office of Dean of Students, he/she does so with the understanding that further pursuit of a resolution involves the faculty member, the Department Chairperson, and in some cases the School Dean. The

representative of the Office of Dean of Students serves as a mediator in the process and will not render a determination.

3. The student explains the nature of the concern to the faculty member and/or the Department Chairperson.
4. When the concern is made to the Department Chairperson that individual will communicate with the faculty member directly. The Chairperson will determine the appropriate actions to be taken between the faculty member and student in an effort to resolve the matter efficiently and effectively.
5. If the concern is expressed to a representative of the Office of Dean of Students, the Dean will contact the faculty member or Chairperson of the department involved to inform him/her that a complaint has been made and to collaborate in bringing all related parties together to discuss the matter or refer the student directly to the Department Chairperson for further action.
6. If, after having met with the faculty member and/or Department Chairperson, the student still has not achieved satisfaction, he/she could contact the School Dean. Again, the student must explain the details of his/her concern. The Dean's responsibility is to work through an acceptable resolution involving all appropriate individuals; e.g., student, faculty member, Department Chairperson. If a representative from the Office of Dean of Students was involved in the initial phase of the student's pursuit, the School Dean may consult with that individual as well.
7. If, after having met with the School Dean, the student remains dissatisfied, the final level of appeal is to the Vice President of Academic Affairs. Again, the student must explain the details of his/her concern, provide evidence documenting the issue, and offer an explanation as to why an acceptable resolution has not been reached. The Vice President will investigate the matter and render a determination as appropriate.

At any point in the above process if a resolution is determined, it is communicated to all parties involved verbally and/or in writing. Depending upon the resolution, the Department Chairperson or the School Dean should oversee any required follow-up.

If, at the conclusion of following these procedures, no satisfactory resolution is determined, the School Dean or Vice President of Academic Affairs involved in the process can make a determination of whether it is acceptable to withdraw the student from the course (with or without a refund), move the student to a different section of the same course, or move the student to an alternate course.

Non-Academic Complaints

1. The student is encouraged to address the concern first with the staff member. This should be a professional and courteous conversation in which the student respectfully states the nature of his/her concern and what are his/her expectations for a resolution. Every effort should be made for the staff member and the student to arrive at an acceptable solution to the concern that involves the student returning to his/her college activities.
2. If the student is not satisfied after having spoken to the staff member, or does not feel as if he/she can approach the staff member, he/she should contact the staff member's Supervisor to submit his/her concern or the student may contact the Office of Dean of Students to discuss his/her concerns. In the instances in which the student contacts the Office of Dean of Students, he/she does so with the understanding that further pursuit of a resolution involves the staff member and the staff member's Supervisor.
3. When the concern is made to the employee's Supervisor, that individual will communicate with the staff member directly. The Supervisor will determine the appropriate actions to be taken to resolve the matter efficiently and effectively.
4. If the concern is expressed to a representative of the Office of Dean of Students, the Dean will contact the staff member, and/or the Supervisor of the department involved to inform him/her that a complaint has been made and to collaborate in bringing all related parties together to discuss this matter.
5. If, after having met with the staff member and/or Supervisor of the department, the student still has not achieved satisfaction, he/she should contact the Office of Dean of Students to work through an acceptable resolution involving all appropriate individuals; e.g. student, staff member, Department Supervisor.

At any point in the above process if a resolution is determined, it is communicated to all parties involved verbally and/or in writing. Depending upon the resolution, the Department Supervisor or representative from the Office of Dean of Students should oversee any required follow-up.

GRADING SYSTEM

The college uses a grading system of letters as follows:

Grade	Interpretation	Quality Points
A		4
A-		3.67
B+		3.33
B		3
B-		2.67
C+		2.33
C		2
D		1
F	Failure	0
R	Registered for Audit	None
I	Incomplete	None
Grade	Interpretation	Quality Points
P	Pass	None (non-credit courses only)
SP	Satisfactory Progress	None
W	Withdrew	None (without academic penalty)
EX	Credit by Examination	None
TRA, TRB, TRC, TRD	Transfer Credit	None

Grades may be assigned to non-credit courses to indicate the level of achievement but they do not earn quality points and are recorded as none.

Term Grade Point Average (GPA) measures a student's achievement in one semester.

1. To figure out your Term GPA
 - a. See above chart of grading system: 4 quality points for 'A', 3 quality points for a 'B', etc.
 - b. Multiply the number of quality points for each course (that represents the letter grade) by the number of credit hours of each course to get your quality points earned in each course.
Example: you have 15 attempted semester hours and a sum of 24 quality points that would work out to be a 1.6 average; a sum of 30 quality points would be a 2.0 (a 'C' average); etc.

Cumulative Point Average (CUM) shows the quality of all a student's work done at the college.

1. To figure out your Cumulative GPA
 - a. The above procedure is applied to all work attempted to date. The first semester the answer is both for the Term GPA and the Cumulative GPA.
 - b. Cumulative Point Average of 4.0 represents 'A' work; 3.0 a 'B' average and 2.0 a 'C' average.
2. To graduate a student needs a minimum of a Cumulative GPA of 2.0.

Dean's Honors List:

1. Full-time students acquiring a Term GPA of 3.0 and better with no repeated courses and no grades of 'F' in any given semester.
2. Part-time students must be matriculated, accumulated 12 credit hours of academic work during an academic year and have a 3.0 average or better.

GRADE APPEAL PROCEDURES *For Grades Issued For One Year*

Students may appeal a grade assigned by a faculty member within one year after the semester in which the grades were awarded. This procedure applies to students wishing to appeal a grade prior to graduation from CCM. Grades may not be changed after graduation except when an error in the recording of a grade has occurred. This grade appeal procedure does not apply to students wishing to change grades to "W" because of extenuating circumstances.

Grades are determined solely by individual faculty members. If a student wishes to appeal a grade given by a faculty member, he or she must:

1. Meet with the faculty member to attempt to resolve the matter.
2. If the matter cannot be resolved with the faculty member, the student should meet with the chairperson of the department in which the course is offered. The purpose of this meeting is to bring the matter to the attention of the chairperson.

3. Once the department chairperson has had an opportunity to research the matter, the chairperson will inform the student of his or her findings. Normally, the department chairperson will have two weeks to complete the research before a decision is rendered by the faculty.
4. If the student does not agree with the findings, he or she should meet with the dean of the division in which the course is offered. The purpose of this meeting is to bring the matter to the attention of the division dean.
5. Once the division dean has had an opportunity to research the matter, the division dean will inform the student of his and her findings. Normally, the division dean will have two weeks to complete the research and render a decision.
6. If the student does not agree with the findings, he or she should meet with the Vice President of Academic Affairs. The purpose of this meeting is to bring the matter to the attention of the Vice President of Academic Affairs. The Vice President will confer with the division dean for information and guidance in the resolution of the matter. Normally, the Vice President will have two weeks to complete the research and render a decision. The Vice President of Academic Affairs is the final step in the grade appeal process.
7. Students who initiate the grade appeal process with someone other than the faculty member must be referred to the faculty member and start at Step One in the procedure.

GRADE APPEAL PROCEDURES *Due To Extenuating Circumstances*

Students may seek to change a grade of "F" assigned by a faculty member to a "W" when there have been extenuating circumstances. Generally, students should seek this change within five years from the date of which the grade was assigned provided the student has not graduated.

Students may ask to have an "F" changed to a "W" when there has been some catastrophic occurrence in the life of the student such as a death in the family, serious illness of student or family member, hospitalization or counseling because of severe personal matters. Students who wish to have the grade of "F" changed to a "W" should do the following:

1. Submit an appeal in writing detailing the nature of the extenuating circumstances.
2. Forward the appeal to the Dean of Students.
3. Provide necessary documentation as backup for the request. Documentation could include items such as a death certificate, letter or note from physician, a recommendation from the Counseling and Wellness Center, or a copy of an obituary from a local paper.
4. The Vice President will send a memo with the appropriate information to the faculty member requesting whether or not the faculty member is willing to change the grade from "F" to "W".
 - * If the faculty member is willing to change the grade, he or she signs and returns the form to the Dean of Students.
 - * Students may view their record online within three weeks of filing their request to determine if a grade change occurred. If not, they may call the Office of Dean of Students to find out the disposition of the request.
5. Students must understand that only the faculty member issuing the grade is authorized to change the grade. The exception to this is when a faculty member, full/part-time, is no longer employed by the college. In this case, the request for change of grade will be sent to the appropriate Division Dean and /or Department Chairperson.

STUDENT CODE OF CONDUCT AND DISCIPLINARY APPEAL PROCEDURES

A. Civility Statement. County College of Morris was founded by the citizens of Morris County with the belief that learning is a lifelong process and that education can improve the quality of life for individuals and society.

B. Purpose. The purpose of the Student Code of Conduct is to protect County College of Morris, its academic and social community, and its property from harm resulting from hostile, abusive, or demeaning conduct, or from acts that may cause injury or threat of injury.

To this end, this Code defines prohibited conduct and provides imposition of appropriate discipline upon those students whose acts violate its standards of conduct. It also sets forth hearing procedures that afford both prompt disciplinary determinations and appropriate due process to the alleged violator.

Students at County College of Morris may be accountable to law enforcement authorities, as well as to the college, for acts that constitute violations of law. College disciplinary actions will proceed notwithstanding the pending of any criminal, drug or disorderly persons proceedings. Similarly, dismissal or acquittal of concurrent legal proceedings will not necessarily result in dismissal of college disciplinary action.

The college recognizes that its inherent powers and responsibilities to protect the safety and well-being of the campus community are broad, as is the potential range of student misconduct that could harm persons and property on campus. Accordingly, this Code is to be interpreted broadly so as to effectuate to the fullest extent the protection of the County College of Morris community. This Code is intended to define prohibited behavior so as to give students notice of the standards expected of them. These standards are not meant to define misconduct in exhaustive terms.

C. Violations of Law. On-campus misconduct constituting a criminal, drug or disorderly persons offense will be immediately reported to the appropriate authorities for their investigation. Where a student's act also violates this Code, proceedings will be instituted in accordance with it. When the College itself is a victim of the act, the college reserves the right to institute criminal and/or civil proceedings against the student.

The Office of Public Safety is responsible for investigating all violations of law that occur on campus and should be notified immediately upon detection of any such violation. As soon as practical, upon receipt of such notification, the Office of Public Safety shall advise the appropriate law enforcement agency of the violation and that an investigation is being conducted. The Office of Public Safety will also take all necessary and appropriate action with respect to the violation to assure the protection of persons and property on campus and coordinate with law enforcement authorities in the apprehension of suspects, preservation of evidence, aid to victims, and all other aspects of the matter. A factual report shall be prepared by the Office of Public Safety promptly after the occurrence of each violation and a copy thereof sent to the Dean of Students. This report shall be prepared whether or not the violation is also being investigated by law enforcement authorities.

D. Title IX. The college has adopted a separate Title IX Policy Prohibiting Harassment and Discrimination on the Basis of Sex that defines discrimination based on sex in education programs or activities and sets forth the procedure for determining whether it has occurred, and if so, the appropriate discipline to be imposed.

One or more of the following procedures will be initiated.

2. Administration of Disciplinary Procedure. The disciplinary procedure set forth in this Code shall be administered by the Senior Vice President of Academic Affairs, Workforce Development and Student Success or in the Senior Vice President's absence by the Dean of Students. When used in this Code the title "Vice President" shall refer to the Senior Vice President of Academic Affairs, Workforce Development and Student Success or in the Vice President's absence the Dean of Students.

3. Informal Conference/Temporary Suspension. When misconduct is reported or a misconduct complaint is filed, the Dean of Students, or in the case of sexual assault misconduct or nonconsensual sexual contact allegations, another designated CCM official trained on how to investigate and conduct hearings in a manner that protects the safety of victims and promotes accountability, will immediately speak to the alleged violator and to any persons harmed by the misconduct or witnesses to it. The Dean of Students or designee will discuss the matter informally with the alleged violator apprising him/her of the accusation made and giving him/her an opportunity to explain his/her version of the facts. After conducting this informal discussion, the Dean of Students or designee shall determine whether to dismiss the matter, or if the charge is denied, whether to refer the complaint for disciplinary proceedings before the Judicial Board and/or in the appropriate circumstance by the Title IX compliance officer. If it is reasonably concluded that the alleged misconduct did not constitute a violation of this Code or that the violator did not commit misconduct, the student will be advised that no further disciplinary proceedings will take place in connection with the incident. If the Dean of Students or designee reasonably concludes that there is probable cause that the student committed the alleged misconduct and that this Code has been violated, the Dean of Students or designee shall issue a complaint, or transmit a complaint filed by another person, to the Judicial Board. If after this informal discussion the Dean of Students or designee reasonably concludes that the alleged violator's presence on campus poses a continuing danger to a person or property or an ongoing threat of disrupting the academic process or college activities, the Dean of Students or designee must notify the Senior Vice President of Academic Affairs, Workforce Development and Student Success of the recommendation for temporary suspension and/or the immediate removal of the student from campus. The Senior Vice President of Academic Affairs, Workforce Development and Student Success will convene a deliberative body of administrators who will review and act upon the recommendation. Their decision will be returned to the Dean of Students or designee. No action to suspend a student can occur without the consent of the deliberative body. Except to participate in disciplinary proceedings, a student temporarily suspended shall not return to the campus until the Judicial Board has rendered a decision on the misconduct charge or the Dean of Students has authorized the student's return.

4. Service of Complaint and Notice of Disciplinary Proceeding. The Dean of Students shall promptly provide the student with written notice of the time and place of the disciplinary proceedings before the Judicial Board, together with a copy of any complaint referred to the Judicial Board, a copy of the Judicial Board constitution, any documents to be utilized in the prosecution of the charges, and a list of witnesses, except that the Dean of Students is authorized to preserve the anonymity of a witness if the Dean of Students reasonably concludes that identification of the witness will place the witness at risk of harm or the misconduct involves sexual assault allegations. The student charged shall be served with the notice and other information required under this subparagraph not less than three (3) class days prior to the student's scheduled appearance before the Judicial Board.

5. Notification to Public Safety. The Dean of Students shall immediately notify the Office of Public Safety of occurrence of any misconduct believed to constitute a student violation of law, and of the suspension of any student for misconduct.

6. Removal from Class. A faculty member is authorized to have a student removed from class for disruptive behavior which threatens others or in any way impedes the teaching and learning process. If a student refuses the faculty request to leave, the faculty member shall request the assistance of the Office of Public Safety to remove the student from class. Where a faculty member has removed the student from class for disruptive behavior and deems it necessary to preclude the student from returning to this particular class, the faculty member shall immediately file a misconduct complaint with the Dean of Students. Upon receipt of the misconduct complaint the Dean of Students shall follow the procedures set forth in subparagraph Three to determine whether the student has violated this Code, and if so, whether to impose discipline including temporary suspension.

I. Judicial Board Appearance. The Judicial Board has the responsibility of reviewing, making findings and recommendations on all misconduct complaints that are not dismissed or otherwise resolved by the Dean of Students.

1. **Level One Proceedings.** Disciplinary proceedings before the Judicial Board shall be held within ten (10) days on which classes are scheduled (excluding weekends and holidays) from the date of the charge, except that where the student has not been temporarily suspended, misconduct charges filed between June 15 and August 31 shall be scheduled before the Judicial Board within ten (10) days from the commencement of the fall semester classes. Disciplinary proceedings are closed to the public. Attendance is limited to the alleged violator, the complaining party, and any witnesses during the course of questioning of the witness. For sexual assault misconduct or nonconsensual sexual contact allegations, the alleged violator and the complaining victim are entitled to the same opportunities to be present during disciplinary proceedings, including the opportunity to be accompanied to any related meetings or proceedings by an advisor of their choice.

Proceedings before the Judicial Board are not intended to be a formal hearing or legal proceeding. A student may obtain the advice of a college administrator or faculty member during the proceedings before the Judicial Board. If a student advises the Dean of Students not less than five (5) days before the Judicial Board appearance of his/her inability to obtain such advice, the Dean of Students will appoint a suitable individual to advise the student. Where the Dean of Students deems a witness to be at risk of harm, the anonymity of the witness shall be preserved by presenting the statement of the witness out of the presence of the accused student, provided that the substance of the witness' statement, but not the witness' name, is made known to the accused student. The student charged shall have the right to produce persons or materials to refute the charge. The student charged shall not be entitled to be present during the deliberations of the Judicial Board. The deliberations of the Judicial Board may be tape recorded by the Board.

For sexual assault misconduct or nonconsensual sexual contact allegations, the accused student and the complaining victim shall be notified concurrently and in writing of: the outcome of the proceeding; appeal procedures; any change to the result before it becomes final; and when the result becomes final.

2. **Failure to Appear.** Failure of the student charged to appear before the Judicial Board after proper notice shall not be cause to postpone or cancel the proceeding, which may be determined in the absence of the student charged.

3. **Quorum and Presiding Officer.** A majority of the members of the Judicial Board shall constitute a quorum for purposes of reviewing misconduct charges and making findings and recommendations thereon. The proceeding shall be presided over by the Chairperson or by the acting Chairperson in his/her absence. All members of the Judicial Board may question the student charged and witnesses. The Board Secretary shall keep the records of all proceedings and assure the timely transmission of correspondence from the Judicial Board.

4. **Level One Determination.** The Judicial Board shall make its findings and recommendations at the conclusion of the presentation of the matter. Determinations of the Judicial Board shall not be made public. The findings and recommendations on disciplinary cases shall be transmitted in writing to the Dean of Students and to the student charged.

If the Judicial Board finds no basis for imposing discipline no further discipline shall be imposed for the same charge. If it is determined that discipline or a fine is warranted, the Judicial Board may recommend the appropriate sanction as described in Section J of the Code.

5. **Waiver of Judicial Board Review.** A student may file with the Dean of Students a written waiver of his/her right to have a disciplinary action or charges reviewed by the Judicial Board. Upon filing such a waiver the matter will proceed to Level Two disposition.

6. **Limitation on Attorney Participation.** Attorneys shall not participate in proceedings before the Judicial Board except that an accused student may have an attorney present if at the request of the Judicial Board an attorney is present to advise the Judicial Board or to represent the college.

7. **Notice of Related Criminal Charges.** Prior to the date of the hearing the accused student may advise the Dean of Students in writing that there are pending or anticipated criminal charges against the student that are related to the incident being reviewed by the Judicial Board. ("Notice of Related

Criminal Charge"). In the Notice of Related Criminal Charge the accused student shall elect one of the following means of proceeding:

a. The accused student may elect not to appear at the Judicial Board hearing. The election not to appear before the Judicial Board shall be deemed a waiver of the right to a hearing. However, the Judicial Board will consider any written response to the misconduct charge received prior to the date of the hearing. The Judicial Board will convene to determine whether or not a violation of this Code of Conduct has occurred, and if so, what disciplinary sanctions are recommended for imposition by the Dean of Students.

b. The accused student may elect to have legal counsel available for consultation outside the hearing room in a private room on the college campus to be designated by the Dean of Students. When the accused student makes this election the Judicial Board, prior to questioning the accused student, shall hand the student written subjects it seeks to question the accused student about. Before responding, the student will then be given an opportunity to consult with legal counsel outside of the hearing room for a period not to exceed twenty (20) minutes. On advice of counsel, the student may decline to respond to questions related to a particular subject matter. However, the Judicial Board will proceed to determine whether or not a violation of this Code of Conduct occurred, and if so, what disciplinary sanctions are recommended for imposition by the Dean of Students.

J. Sanctions and Protective Measures. If the Judicial Board finds discipline or fine to be warranted, it may recommend that the Dean of Students impose upon the student charged one or more of the following disciplinary measures.

1. Verbal Warning – verbal admonition against further violations.
2. Written Reprimand – placement in the student's disciplinary/social file of a written reprimand for having engaged in misconduct.
3. Community Service – a set number of hours of service conducted on campus.
4. Restitution – the obligation to replace or pay for property damaged to compensate for losses incurred or to provide a campus service as a result of the violation.
5. Disciplinary Probation – loss of participation in college related activities for a specified period of time.
6. Suspension – exclusion from all or specified classes and other college related activities for a specified period of time.
7. Expulsion – dismissal from enrollment at the college.
8. Imposition of reasonable protective measures requested by a victim of sexual assault or nonconsensual sexual contact.

K. Level Two Appeal. Any student determined by the Judicial Board to have violated this Code may appeal the decision of the Judicial Board to the Dean of Students. A student desiring to file a Level Two Appeal shall file with the Dean of Students within five (5) calendar days of receipt of the determination and recommendation of the Judicial Board, which appeal shall set forth the basis of the appeal. An appeal shall stay implementation of sanctions but shall not permit a student temporarily removed from campus to return.

1. Student Appeal. Within ten (10) class days from receipt of a student's appeal of the determination and recommendation from the Judicial Board, the Dean of Students shall notify the student in writing of his/her determination of the misconduct charge and any discipline or a fine imposed. For sexual assault misconduct or nonconsensual sexual contact allegations, the Dean of Students determination shall be based upon a finding of whether there is a preponderance of evidence supporting the misconduct charge.

2. Review Upon Waiver. Within ten (10) class days from receipt of a waiver of Judicial Board review, the Dean of Students shall schedule a meeting with the student charged and determine whether the

student has violated this Code. The Dean of Students shall notify the student in writing of his/her determination of the misconduct charge and any discipline or a fine imposed.

3. Review of Judicial Board Recommendation. Where the student has not filed an appeal of the Level One determination, within ten (10) class days from receipt of a recommendation from the Judicial Board that discipline or a fine be imposed, the Dean of Students shall notify the student in writing of his/her determination to accept, reject or modify the Judicial Board recommendation.

4. Discipline Subject to Further Appeal. Disciplinary decisions of the Dean of Students shall be final and not subject to further appeal unless suspension from the college for more than ten (10) class days is imposed. If the Dean of Students determines to impose long term suspension, or to expel the student from the college, the student may appeal such determination to the President by filing a written appeal with the President within five (5) days from the student's receipt in writing of the determination of the Dean of Students.

L. Level Three Appeal. Within ten (10) class days from the filing of a Level Three Appeal, the President or his/her designee shall conduct a hearing on a timely filed appeal from determinations imposing long term suspension or expulsion from the college. Neither the Dean of Students nor the person filing the initial misconduct charge shall conduct this hearing.

1. Level Three Hearing. Not less than five (5) calendar days before the hearing date, the student shall be given written notice of the hearing date together with a copy of any written material to be presented which was not previously furnished to the student, and a list of persons expected to testify. The appellant shall have the right to produce relevant materials and witnesses having information bearing upon the appeal. The proceedings before the President or his/her designee shall be private and are not intended to be a formal trial proceeding. At the hearing, the appellant may have the assistance of privately retained legal counsel or a faculty advisor, provided the identity of this person is communicated to the President not less than two (2) class days before the hearing. Whenever the appellant is assisted by legal counsel, the President may request that the college attorney be present to question the appellant and witnesses. The appellant shall be entitled to be present during the entire Level Three hearing. For sexual assault misconduct or nonconsensual sexual contact allegations, the alleged violator and the complaining victim are entitled to the same opportunities to be present during disciplinary proceedings, including the opportunity to be accompanied to any related meetings or proceedings by an advisor of their choice. If, having been properly notified of the time and place of the hearing, the appellant fails to appear, the President or his/her designee may dismiss the appeal or otherwise determine the appeal.

2. Decision. Within twenty (20) calendar days from the conclusion of the hearing, the President or his/her designee shall deliver a written decision on the appeal of the student. The decision of the President shall be final.
