This is a procedure that only needs to be performed once. Make sure to read the instructions in the wizard carefully. Choose 'I want to set up a different method' if you wish to setup a text/phone call method of access.

3. You can choose to install the VMware Horizon Client on your personal device. If you do so, you need to "Add Server" view.ccm.edu to connect to: The Horizon Client does provide a better user experience over using just HTML access.

4. Whether you use the Horizon Client or HTML access, you will need to log in with your student email address and password:

	දිදි	
VMware Horizon		
Enter your Student Email user name and passcode.
